## The Price of Pleasure.

It is hard for a lovely woman to forego the pleasures of the life which she was created to enjoy and adorn. She may have to be busy all day in office or in store, yet she cannot deny herself the social pleasures which are offered her.

But the fatigue is often too great for her, and she suffers from headache and backache as a consequence of

over-exertion. Women who are tired and worn out will find a perfect topic and pervine in Dr. Pierce's Favorite Prescription. It cures headache,

backache and the other aches and pains to which women are subject. It establishes regularity, dries weakinflammation and ness. It makes weak women strong and sick women well.

Sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce, by letter, free.
All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y

WILL NOMINATE COUNTY TICKET

Monday Afternoon at Salt Lake Theater.

American Party Will Meet in Mass Convention on This Date.

Senator Frank J. Cannon to Be Present and Deliver Principal Speech, Which Will Be Great Treat.

Monday afternoon the American party of Salt Lake county will assemble at the Sait Lake Theater to nominate a complete Legislative and county ticket.

The convention will be a mass meet-

The convention will be a mass meeting of all citizens who favor the principles of the American party. The committee on nominations completed its work last night and will make its report Monday afternoon at 2 o'clock.

This will be the first county convention ever held in the State by the American party. But it will not be the last, unless the evils which the party was organized to combat have been forever climinated. It will be memorable. It will be interesting from start to close.

There will be pienty of good music by soloits, by the Utah State band and by the American Party Fife and Drum corps. The band and drum corps will be on the street early to further announce the meeting. The people will be welcomed.

One of the features of the mass county convention Monday afternoon will be a speech by Senator Frank J. Cannon. It will be his first set speech since his alignment with the American party movement.

ment.

Those who know Frank Cannon—and who does not in Utah and the West—will easily understand that his speech at the Sait Lake Theater Monday afternoon at 2 o'clock will be worth going miles to hear.

to hear.

No man understands Utah's needs better, if as well, as does this distinguished orator and friends to Utah will do well to selze this opportunity to hear him. As has been said, all will be welcomed.

Senator Frank J. Cannon will have some good things to say at the American party county convention tomorrow afternoon at Sait Lake Theater.

Four weeks from Tuesday the people will vote. And in Sait Lake county the American party will not have the third nor the fourth place, either. Its friends are legion and its cause is the cause of every carnest friend to Utah.

Secretary of State Hammond and Hon. J. A. Largent will speak for the Repub-licans at Hunter, Salt Lake county, Tues-day night.

Smootites will have a rally at Provo Monday night. George Sutherland will tell why he should not be sidetracked and John C. Cutler will read another chapter on the tariff.

Hon. Zach Cobb of Texas will stump the State for the Democrats next week. All Republicans are praising the Fair-binks meeting at Salt Lake Theater, and it is conceded by Democrats that the Senator made friends for the administra-tion while here.

The American party has had printed a telling poster which, among other things, gives a reproduction of a part of the "Dixte Advocato" of St. George, which officially reports President Smith's freshest public utterances against the Gentiles. There is great demand for American

uisition of 2000 was quickly exhausted. Ten thousand more are on the way. When those arrive the committee will be en-abled to supply orders that came from friends in the out of town counties.

One's citizenship is a better type when, having the ability to do so, one goes to the polis and cases an untrammeled bal-lot. But one must register. The earlier the better.

The State committee of the American party has its local work in hand sufficiently to give attention to organization in other counties. It is probable that in some counties the work will be done through correspondence and quiet methods. In others sneaking meetings will be held. And in still others private conferences. Local conditions will be considered always.

Within a few days dates for meetings at Ogden, Logan, Provo, Park City, Eureka, Milford, Price and other cities will be determined on. Senator Cannon, Judge Hiles and others will make a campaign for the American party, and the most aggressive work will be pursued in Sait Lake county in the meantime.

Discipline is being exercised in several parts of Utah by the political priests of the Mormon church. Not all persons have been directed to refrain from certain things, but the conduct of their leaders has had as much effect in influencing the action of their followers as though the lash were applied in each case.

Samuel Miles, Jr., of St. George, has been a correspondent for The Tribune for a long while. So far as The Tribune knows, the personal and business relations have ever been pleasant. But Samuel Miles, Jr., is in the hotbed of the hierarchy. The Tribune recently reprinted an article in the St. George Advocate wherein President Joseph F. Smith advised his people against aiding Gentiles. The advice has begun to bear fruit. Samuel Miles, Jr., has directed The Tribine to consider him no longer as correspondent and to stop sending him, as correspondent. The Tribune.
